

To Our Crew and All Volunteers,

The sign on our new shipyard building says: “Kalmar Nyckel Foundation”. Thanks to your diligence and dedication, we are close to having a newly re-conditioned and restored ship. Without your hard work, we’d have no “*Kalmar Nyckel*” to keep in our name or on our sign!

Our beloved sailing ship is now twenty years old. Beginning last fall, you started working on our large maintenance projects and discovered rot issues along the keelson. And, you motored our beloved ship to Virginia and repaired her and are re-assembling her now so she will continue to delight visitors and school children for years into the future. As a volunteer, you are doing your part to restore and maintain our ship’s health, and keep “*Kalmar Nyckel*” in our name.

All of us on the board and staff salute you. We thank you for all that you have done! We are proud of what you do to keep our grand lady sailing. We cannot exist as an organization without you! You ARE the best!

Fair winds, blue skies and following seas,

Bob Nauwa  
Kristen Kujala  
D. Dennis  
Bernice  
John Williams  
J. S. R.

Del Mar L  
Mott W. Fry  
Tom Eichel  
Rob Cant  
Graham G. King  
Mary McCoy  
Gene McCoy  
Earl Seppala
